

TESTIMONIALS:

“The Freedom Belt Is Not Recommended... Is A Must!”

I have seen this life changing product first hand! Wow! Patient's will be able to resume daily activities like before...Will elicit the cliché: how did I live without this!! ...The Freedom Belt is not recommended...it's a must!

Josué Vázquez, MD
Hospitales HIMA San Pablo

“Patients Are Finally Able To Wear A Truly Comfortable, Secure Medical Device.”

The added bonus, and most important benefit, is that patients are finally able to wear a truly comfortable and secure medical device. The Freedom Belt saves patients from multiple procedures, complications, and huge healthcare costs. This product is truly designed for patient care.

Catherine Saltalamacchia, N.P.
Harvard's Massachusetts General Hospital

“This Will Improve The Care of Drainage Procedure Patients.”

The Freedom Belt provides a simple but organized method for drainage bag management. It is essentially a utility belt for management of all drainage procedures. Allows a patient to care for their drainage bags while having the freedom of movement. This will improve the care of drainage procedure patients.

Lawrence M. Casha, MD
Anna Jacques Hospital

Replace your highly inconvenient, difficult to use drainage bag rubber bands or Velcro bands and never have to pin your drainage bags to your clothes ever again with the life changing Freedom Belt. The patent-pending Freedom Belt can easily be customized for your exact body's dimensions and fits up to an 80" waist. Once adjusted to your body's dimensions it never has to be resized again.

Built with top quality sourced materials, its comfortable plush elastic allows for all day wear and helps prevent uncomfortable skin chaffing.

Designed to be worn discreetly under clothing, it's made to accommodate up to a total of 8 drainage bags.

5 KEY FREEDOM BELT BENEFITS:

1. Go anywhere you need to with dignity and in complete comfort.
2. Quick & easy to use.
3. Go further and for longer periods of time without hassles.
4. 100% effective for use whether seated OR standing.
5. Incredibly versatile for nearly all types of medical drainage needs.
